Log of the Shannon Cup Competition
Weekend Camp 29th - 30th May 1965.

From the Seagull Patrol,
70th Renfrewshire,
30th Greenock,
Finnart's Own.

The patrol is as follows:-

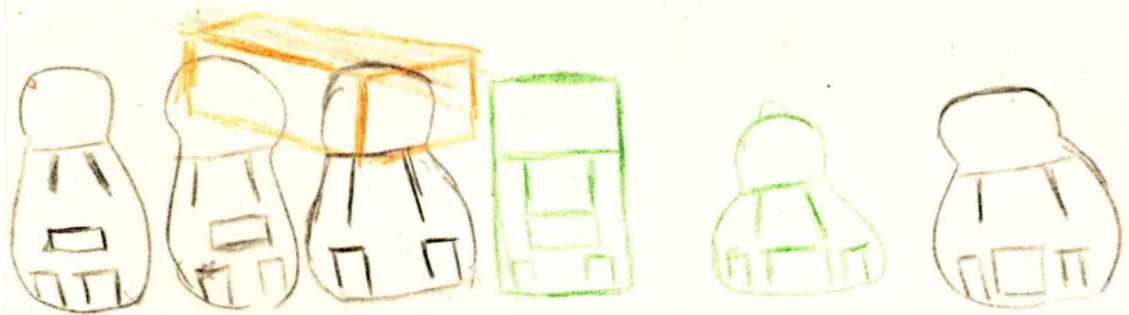

P.L.:- Robert Crawford
Second:- Alec Aitkenhead
1st Scout:- Robert Morrison
2nd Scout:- David White
3rd Scout:- Jim Barr
4th Scout:- John Martin.

Weather Experienced During the Camp.

Saturday 29th May:-

a very sunny day with isolated patches of cumulus cloud. It was very warm while the sun was up but as the evening drew into night a cold wind started to blow.

KITSON ARRIVE

FORE INSPECTION

Log

Saturday 29th May

Today is 70th Renfrewshires big day. Already to our credit is the First Aid Competition and the Signalling more or less to our credit. The big question is will 70th Renfrewshire have a hat trick and ~~be~~ bring back the Shannon Cup.

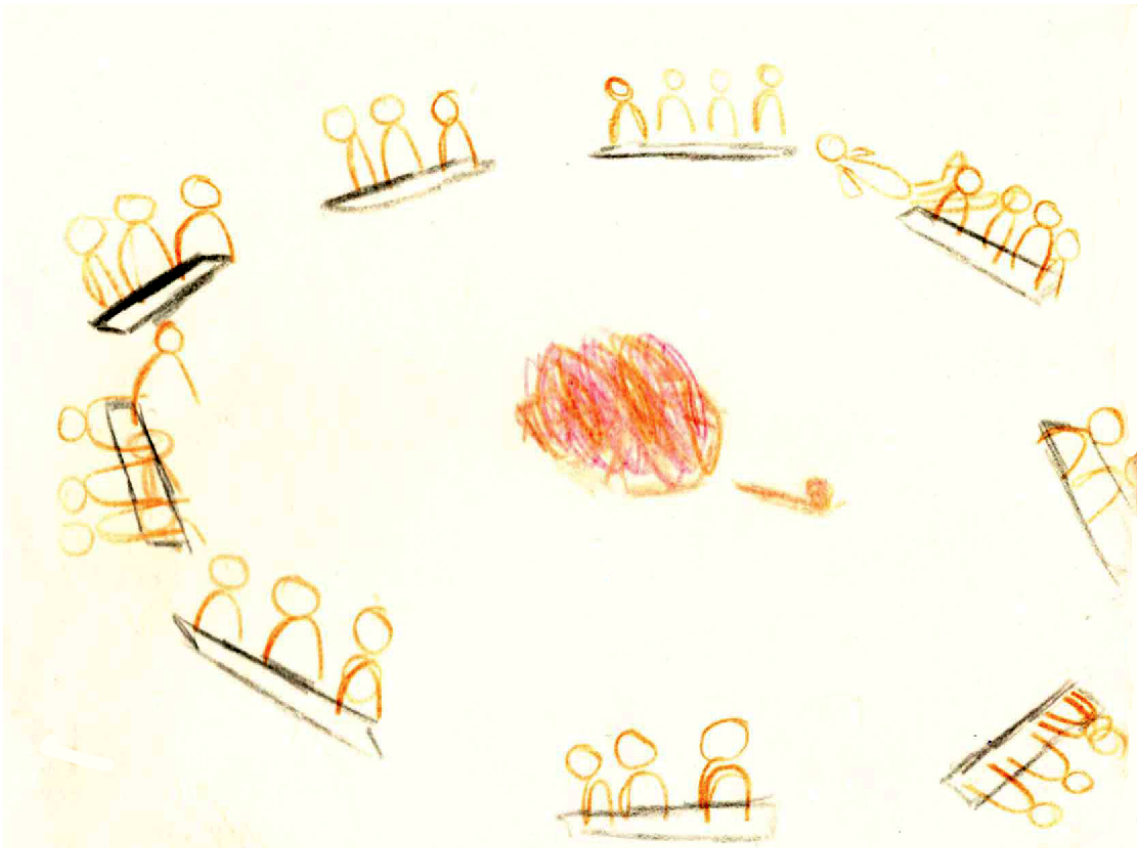

On arriving there were a number of troops already represented. After waiting a while Mr Alexander arrived and was soon ready to start the 1965 Shannon Cup with inspection. After flag break the 9 patrols were inspected. Then the P.L.s went and chose the camp site the one which Robin (our P.L.) chose ~~was~~ pleased everybody.

Pitching of tents was next in line this took up to tea time although much of the time was spent

in making gadgets. For tea which could
nearly be called dinner we had Tomato soup,
Sausages and Baked Beans, and Instant
Whip with shubarf. The dishes and dishes
were soon washed and were then ready
to embark on our next part of the
Shannon Cup. A "knotty problem" was
our next task. Three knots ~~were~~ were
given to us all of them were meant to
be reef knots. The knots were reef knot,
thief knot and granny knot. We were
one of the only two patrols to get the
right answers. The next task was to
find a pack of cards. We got ~~the~~
three cards which gave us a total of
18. (fourth highest) Next on the task list
was the business of trying to hide
~~the~~ patrol. The patrol leader was
to not let anybody see where
the rest of the patrol was from a stick

HIBING UNDER CLIFF

CAMPFIRE

which he put into the ground at a place where he wanted. Next was "Kims Game" instead of naming the articles you were to give their columns. ~~Our~~ Last of that series of tasks was to try and decipher a code. Very few patrols got our patrol did not. In the middle of it we had to attend to an emergency - Our emergency was someone on fire. This was quickly overcome and we were well up on that start.

Campfire was purely stunts, riddles and songs for the points going to the cup. Most of our pastimes went down well except the song which was completely out of choon.
